

Poultry Sales Up, Not Prices

By [The Moscow Times](#)

October 26, 2010

The  **Moscow Times**

Cherkizovo Group said Tuesday that it increased poultry sales volumes by 6 percent to 146,830 metric tons and boosted pork sales volumes by 51 percent.

Poultry prices fell 4 percent in ruble terms and may be affected by increasing imports in the fourth quarter and beginning of 2011, Cherkizovo said in a statement.
