The  **Moscow Times**

Renova Group plans to construct a building with a total area of 18,000 square meters in Skolkovo innovation city to accommodate its corporate research center by 2013, according to a joint statement by Renova and the Skolkovo Foundation.

Preliminary estimates place the volume of investment at 2.1 billion rubles (\$71 million). An agreement between Renova and the Skolkovo Foundation was signed Saturday. The operating budget of the Renova Group research center is expected to be about 3.3 billion rubles in 2013-15.
