Putin's comments, which came in reply to a reporter asking whether he was [disappointed](#) with Trump, quickly made the rounds on social media.

And while Russia's president may or may not have intended to, he gave the internet plenty of memes to play with. Out came the classics...

There were also attempts to find alternative titles for Trump's role in Putin's life, but few of them were fit to reproduce here. So, we'll just show you these two:

Even Trump himself – or rather, a parody account – spoke up on the topic. Ouch!
